Holiday Resorts for Exhibition Visitors

Brisbane

BRISBANE, the capital of the State of Queensland, and the seat of government, is picturesquely situated on the banks of the beautiful and noble river of the same name. Interest and beauty are added to the city by the large number of charming suburbs, beauty spots, delightful watering-places, and health resorts which surround it. Brisbane has reason to be proud of its many imposing public and mercantile buildings in the city proper, while the residential villas in the suburbs possess architectural beauty of no mean order. Regarded from an industrial and commercial standpoint, the metropolis is the centre of much progress and prosperity, and the expansion made in these directions of recent years has been marvellous. There is a remarkable buoyancy in every walk of commercial and industrial life, work is plentiful, the highest wages are paid, and all sections of the community are happy and contented. That Brisbane is destined to figure prominently in the shipping world in the near future is exemplified by the extensive wharfage accommodation that has been, and is being, provided for the berthing of oversea boats. When the Hamilton Basin project is given effect to, Brisbane will be in a position to lay claim to having an almost unbroken stretch of wharves from Pinkenba to Victoria Bridge.

The Hussling Shoemen
Queen Street (Next Majestic Pictures) Brisbane

The capital is less than 20 miles from the mouth of the river, the entrance thereto being indicated by the Pile Light, 93 ft. high, which can be seen by mariners a considerable distance away when lighted at night.

The Pile Light shows the tidal signals by day and night. On the northern point of Moreton Island there is the Cape Moreton Lighthouse, 75 ft high, which has also a very fine revolving light.

The length of the Brisbane River, from its source to its entry into Moreton Bay, is 210 miles. Consequent upon the depth of the river being 30 ft. at high tide, vessels drawing up to 28 ft. can berth at several of the city wharves with the utmost safety. The gross tonnage of the largest vessel (s.s. Euripides) which has berthed at the city wharves to date is 15,050, whilst the greatest draught of any vessel was about 28 ft. Oversea boats of from 12,000 to 18,000 tonnage regularly berth at the New Farm, Bulimba, and Pinkenba wharves.

The calm state of the water in the river and bay renders it safe at all periods of the year for boating excursions; consequently, at regular intervals during each week small steamers, motor launches, sailing boats, etc., make trips up and down the river, and also across Moreton Bay, to the many seaside and pleasure resorts. The week-end excursions, in particular, are largely availed of by a large section of the metropolitans.

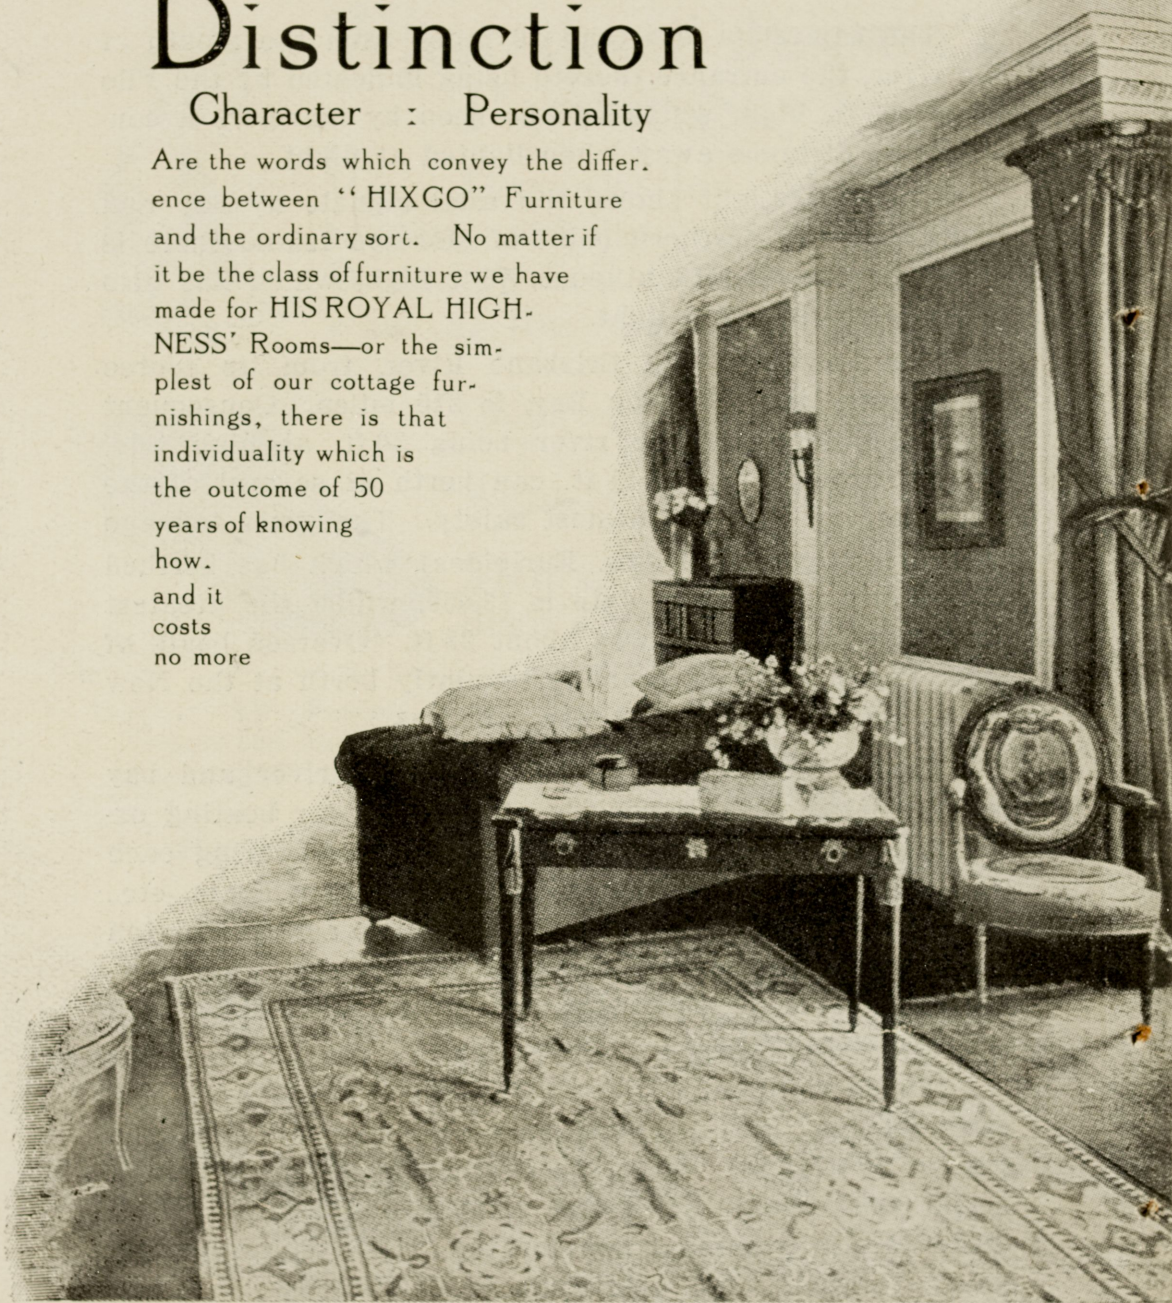

During the year 1918-19 the value of the overseas imports received into or transhipped to the port of Brisbane totalled £5,713,547, while the overseas exports aggregated £11,096,359, making a grand total of £16,809,906. The value of the overseas trade for the whole State for the same period was:—Imports, £6,613,265; exports, £13,546,614; total, £20,159,879.

On both sides of Queen, George, Edward, Wickham, and Brunswick streets the substantially built premises of the various financial, commercial, mercantile, and industrial

99 WHARF STREET, BRISBANE (Near Fire Station)

establishments arrest the observation of the visitor, and the wood-paved streets and well-arranged tram system and other forms of speedy locomotion demonstrate that the metropolis of Queensland is decidedly modern in every respect. In passing, it may be mentioned that an extra line of tramway has been laid down Adelaide street, along which all trams from the western suburbs run. Nature has bestowed scenic glories upon Southern Queensland in a most lavish manner, and the beauties of the Brisbane River, from its watershed to its entry into Moreton Bay, excite the admiration of all visitors. Surrounded by such fertile tracts of agricultural and grazing country as the far-famed Darling Downs, and the Moreton, Logan, Wide Bay, and Burnett districts, Brisbane is the entrepot for the wealth of products yielded by these fruitful areas. As a matter of fact, the metropolis is the market-place for everything that is raised throughout the extraordinarily productive State of Queensland. The many hills in and around the city are dotted with villas and comfortable cottages, while the ranges of mountains in the background are thickly carpeted with verdure and studded with dense forest, relieved here and there with the homes of those who prefer to be away from the "madding crowd's ignoble strife." At the foot, and, in some cases, up the slopes of these mountains, are to be seen farms, on which different kinds of crops are successfully raised annually. From many of these eminences the visitor is enabled to obtain an exceedingly fine panoramic view of the city, the serpentine course of the Brisbane River, and the cerulean waters of Moreton Bay, dotted with islands, in the distance. Here, too, another atmosphere is breathed—an atmosphere refreshing and exhilarating, and one calculated to bring the bloom of health to the cheeks of the invalid.

Brisbane is the starting point for all the trains to the Far South-western districts, North Coast and Central districts, and the Southern districts on the New South Wales border at Wallangarra and Tweed Heads. When the

and a large staff of University Graduates

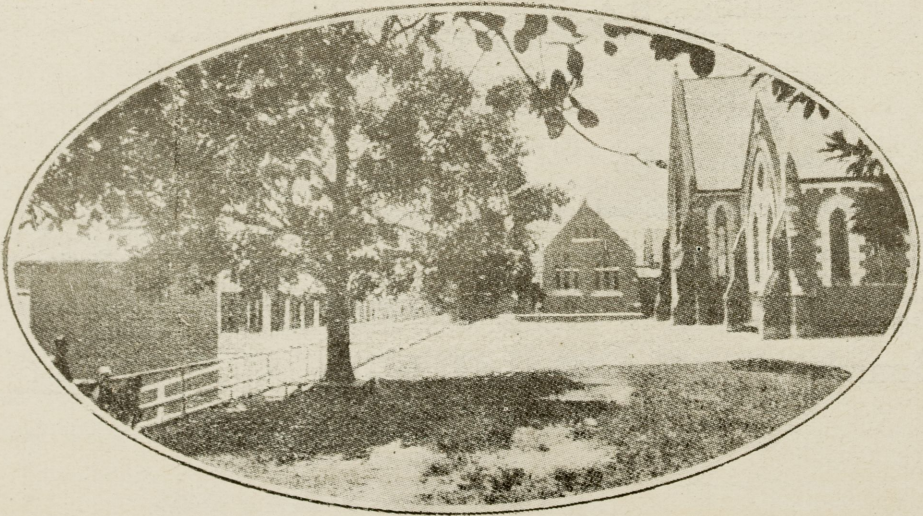

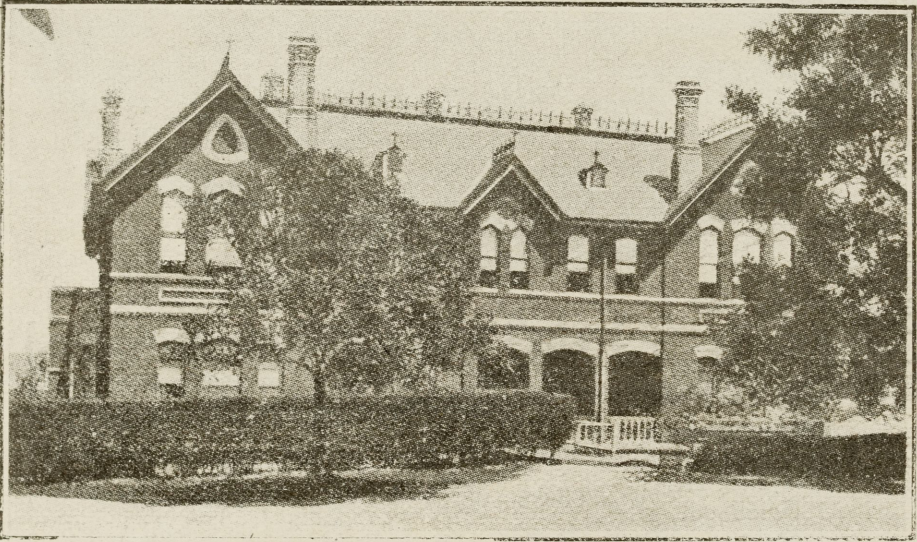

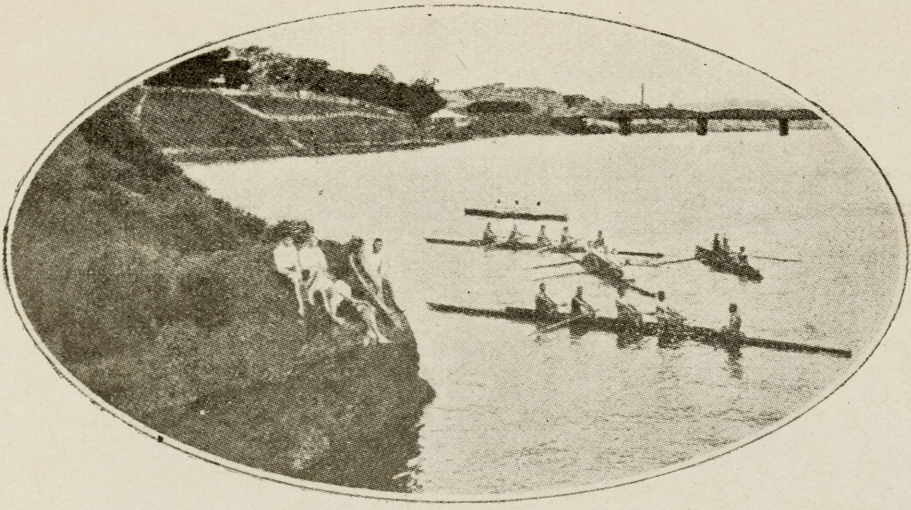

Boys are Prepared for University Scholarships and Matriculation ; the Senior and Junior Public Examinations ; entrance to the Royal Australian Naval and Military Colleges ; Gatton College ; the Civil Service Examinations (Federal and State) ; the Various Preliminary Professional Examinations, etc.

The School House is under the immediate care of the Head Master and Mrs. Bousfield. Boys of eleven years of age, and upwards, are received as boarders. The House stands in the School grounds of 18 acres, on the summit of one of the highest hills that overlook the City. It was built expressly for the purpose for which it is used ; the dormitories are lofty, spacious and well ventilated. Evening preparation is carried on under the supervision of a master, and assistance is given as required. A sufficient herd of dairy cows is kept to supply liberally the requirements of the House. The position of the School enables pupils to avail themselves of the resources of the capital of the State in regard to musical or other instruction, but no boarder is allowed to leave the School grounds without permission of Head Master.

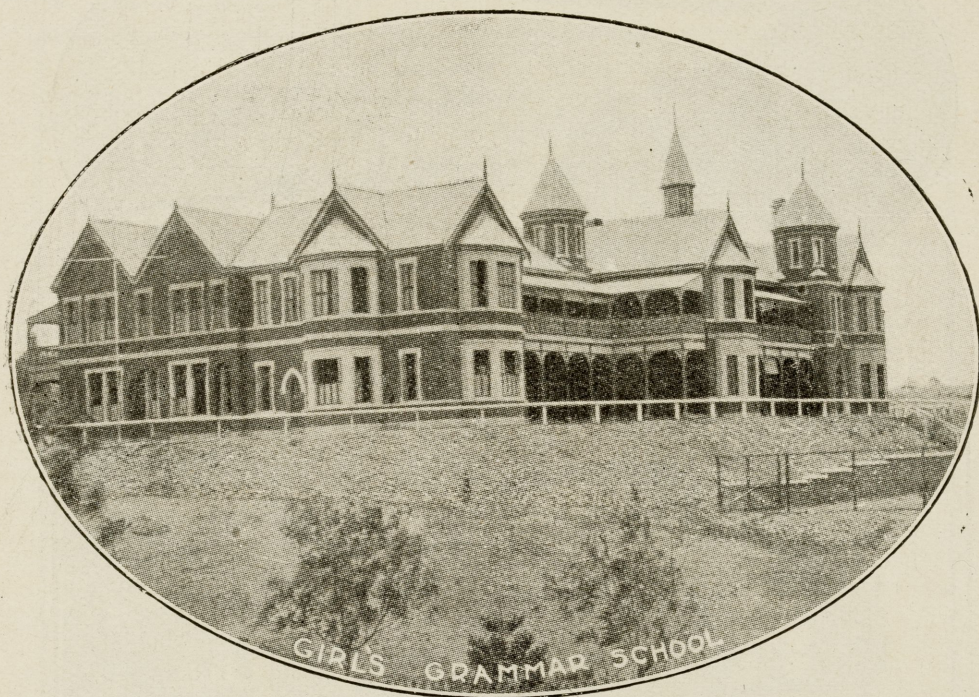

The Laboratories recently erected for the practical study of Chemistry and Physics have, it is believed, no superior in the Australian Schools.

The extensive grounds afford ample space for all school games, and there is a flourishing Rowing Club.

For illustrated prospectus, and all information, apply to the Head Master, or the Secretary to the Trustees

Great Western and Great North Coast railway schemes are consummated, through communication will be opened up with Camooweal in the Far North-west and Cairns in the Far North.

Fifty years ago the population only numbered about 1,000; at the end of December, 1919, it was 189,576, within a 10-mile radius. The estimated population of the whole State of Queensland is 725,220. (These figures are subject to revision.)

The salubrity of the climate is emphasised by the lowness of the death-rate and satisfactory condition of the birth-rate. The former in 1919 was only 15.63 per 1,000 inhabitants, and the latter 28.51 per 1,000. The mean summer temperature is 76.7, and the mean winter temperature 59.6.

Places of Interest

In the heart of the city there are two very imposing Cathedrals—Anglican and Roman Catholic. All the other religious denominations have fine churches, the Baptist Tabernacle, Wickham-terrace; St. Andrew's Presbyterian Church, Creek and Ann streets; St. Paul's Presbyterian Church, Leichhardt-street; and St. Brigid's (R.C.), Red Hill, being particularly prominent.

Other buildings which attract notice are:—The Treasury Buildings, Executive Buildings, State Government Savings Bank (now approaching completion), Parliament House, Queensland University, Central Technical College Buildings, General Post Office, Public Library, Museum, Exhibition Hall, Supreme Court, Central Railway Station Buildings, South Brisbane Town Hall, Customs House, the Hospitals, Colleges, etc.

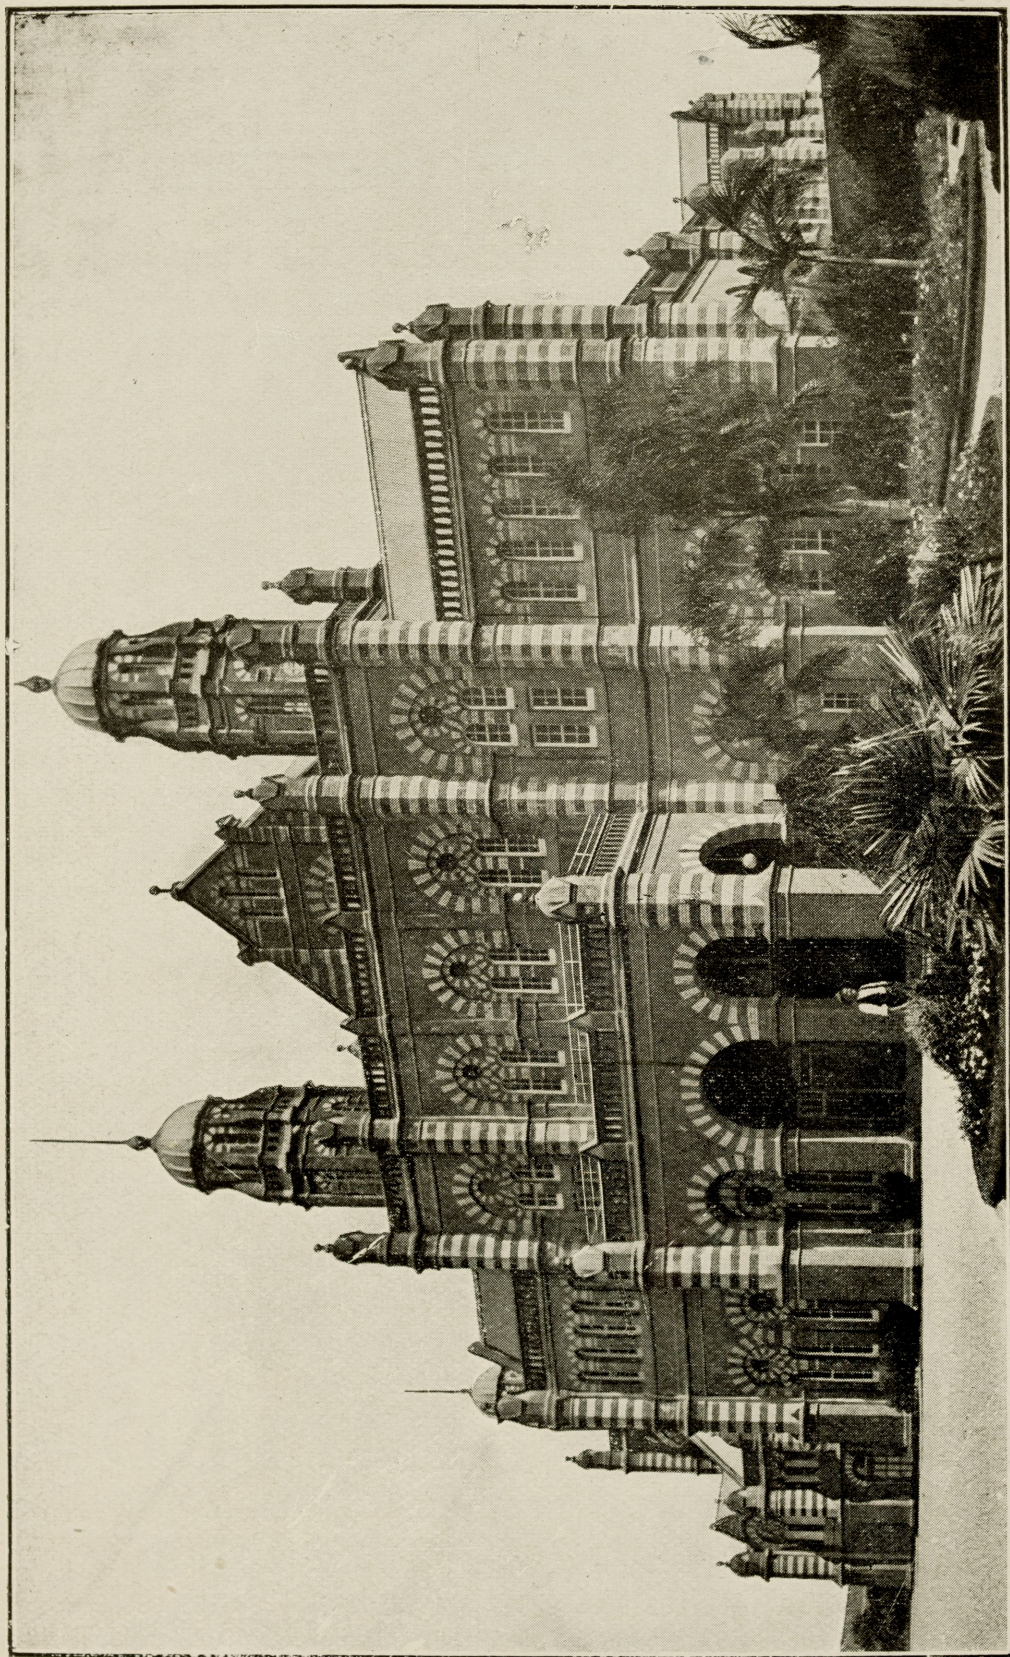

The Botanic Gardens, comprising 42 acres, and situate on the right bank of the Brisbane River, is admirably laid out with innumerable flowers beds, and there is at

all times a wealth of colour and fragrance, which are charming to the eye and pleasing to the olfactory organ. The beauty of the scene is added to by avenues of palms and other sub-tropical umbrageous foliage. The walks are well designed, the lawns trim and verdant, and the numerous arbours, which are covered with a profusion of beautiful flowering creepers, etc., provide cool resting places for tired individuals. There is also abundant seating accommodation to be found in all parts of the Gardens, those along the river terrace being much availed of. In the bush-houses and ferneries there are fine collections of sub-tropical and tropical plants, the orchids being especially fine. Many kinds of Queensland birds are to be seen in the aviaries, and in the miniature "zoo" there are emus, cassowaries, kangaroos, wallabies, and a Japanese deer. This menagerie forms the nucleus of a zoo, which it is hoped will assume more extensive proportions in the near future. In several ponds are to be seen black swans and several kinds of ducks and other water fowl. The Botanic Museum occupies a position on the high ground, and also a very attractive kiosk, where light refreshments, lunches, etc., can be obtained daily at city prices. In another portion of the Gardens there is a band rotunda, where recitals are given every Sunday afternoon, and occasionally on Sunday evenings and week nights, by one of the many metropolitan brass bands for the edification of the citizens. The Gardens are open to the public daily from 6 a.m. until 6 p.m. ordinarily, but from August until May they are also open at night until 10 o'clock, and when the hundred and one electric arc lights shed forth their rays the scene is one of dazzling splendour. There are three entrances to the Gardens from the city—by George, Albert, and Edward streets. Crowds of people visit the Gardens daily, and at holiday times they are the popular resort of picnickers.

On the Kedron Park tram line there is Bowen Park (formerly the Acclimatisation Gardens), with an area of 9 acres.

Contiguous to this are the show grounds of the National Industrial and Agricultural Association of Queensland. The annual show, which is regarded as the "shop window of Queensland," usually extends over the whole of the second week in August. This year the show will start on July 26, and the official opening will be performed by the Prince of Wales on July 28. For show purposes, this park compares favourably with anything of its kind in the Commonwealth, and every portion of the 34 acres comprised therein, including that portion known as Petty's Paddock (opposite), is used to the best advantage. There are three grandstands, including an *al fresco* one for smokers, a commodious exhibition hall, smart-looking official quarters, and ample and comfortable stalls for all stock exhibits. Frequently during the year the Park is used for outdoor gatherings, sports, football, cricket matches, etc., the ring and the green sward lending themselves admirably for such purposes. Cost of improvements to date, nearly £100,000.

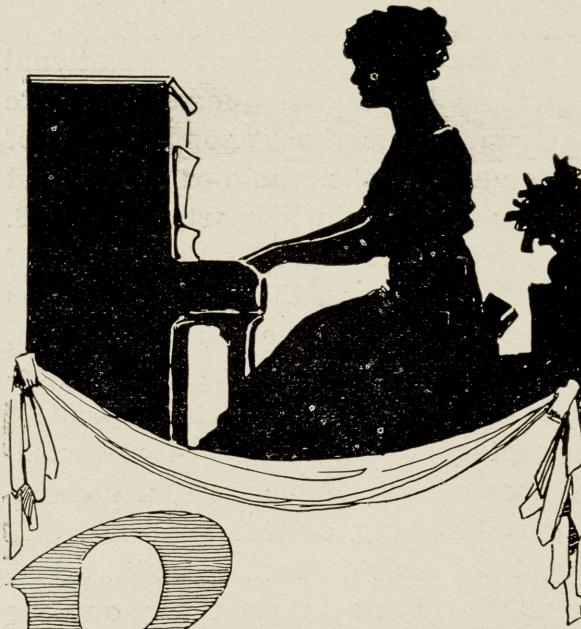

On the Bowen Bridge road end of Boken Park there is the Museum, filled with a very interesting collection of exhibits. This fine structure was originally used as an Exhibition Building, but was taken over by the State Government some years ago, and converted into a Museum. Its erection entailed an expenditure of £20,400.

In proximity to the Museum is Victoria Park, which covers an area of 210 acres.

Other breathing-spaces for the citizens in the city proper include:—Alexandra Park, Gregory terrace; Wickham Park, Wickham terrace; Albert Park and Gardens, with band rotunda, Albert street (near Roma street Railway Station); Lang Park, off Caxton street; Petrie terrace Park, on the Red Hill and Kelvin Grove tram routes; New Farm Park and Gardens, Merthyr road; and several others.

On the South side of the river there are:—

Musgrave Park and Gardens, its area being over 23 acres. Portion of the Park is reserved for the playing of

cricket, football, tennis, and croquet. At intervals band recitals are given on Sunday afternoons and on week nights in the rotunda.

Brisbane Cricket Grounds, at Woolloongabba, with grandstand, smokers' pavilion, turf wickets made of Bulli and Merri Creek and Nundah soils, and one of the best asphalted dish cycling tracks in the Commonwealth. The area of the ground is over 12 acres.

Dutton Park, embracing an area of nearly 28 acres, is on the Gladstone road tram route, and overlooks the Brisbane River. This Park is one of the most attractive spots in the metropolis.

Davies Park, on Montague road, extends over 16 acres, and is chiefly used for recreation purposes. Football and cricket matches are played here during the season, and are watched by the sport-loving public in large numbers. Band recitals are given regularly every Sunday evening in the rotunda.

Mowbray Park, on the East Brisbane tram route, consists of over 12 acres. Here there are bowling rinks, tennis courts, and croquet greens, a bush-house, band rotunda (in which one of the local bands plays regularly). Flower beds have been laid out, and these, together with the avenue of trees, the verdant grassy lawns, and the charming effect lent to the scene by the Brisbane River in the background, make this Park an ideal spot for pleasure-seekers.

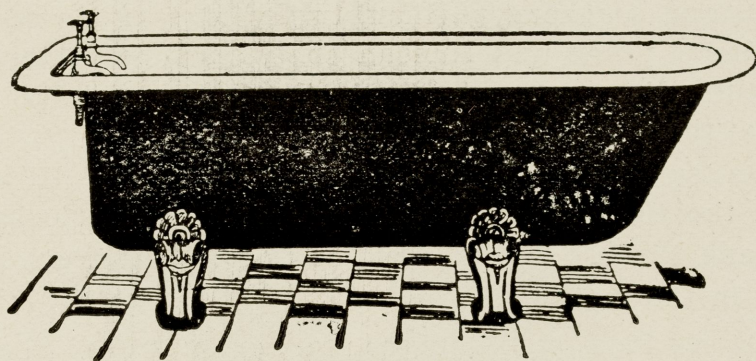

A short distance away is Norman Park, and on Highgate Hill (off Gladstone road) there is Highgate Hill Park; Yeronga Park, Ipswich road; also several others.

City Show Rooms : 143-145 QUEEN STREET

Show Rooms, Office and Warehouse :

127-133 Margaret Street

tram from Edward street corner). The Observatory was built in 1829. Cost of tram, 1d each way.

2. Bowen terrace, about five minutes' walk from Petrie's Bight, round the Convent Hill. From the tower of All Hallows' Convent a capital view can be obtained of the city and surrounding country. The highest elevation of the terrace (110 ft.) is at the flagstaff near the corner of Harcourt street. All the trams running through Queen and Adelaide streets pass close to this spot. Cost by tram, 2d. each way.

3. Paddington Tram Terminus (three sections from corner of George and Adelaide streets, opposite Railway Offices). At this spot there are fully half a dozen commanding positions, and the tourist is enabled to get exceptionally fine views of the city, while Moreton Bay can be seen in the distance. Highest elevation, Clinton Hill (270 ft.). Cost by tram, 3d each way.

4. Highgate Hill, 200 ft. (two section by Dutton Park tram from Queen street). The view obtained from the Reservoir Reserve is a very fine one. Cost by tram, 2d. each way.

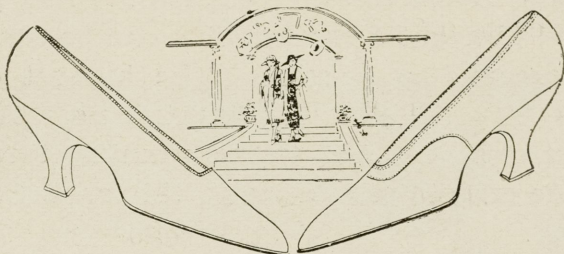

5. Toowong Tram Terminus, 170 ft. (four sections from corner of George and Adelaide streets, opposite Railway Offices). On arrival at the terminus the tourist must ascend the steps on the right-hand side of Woodstock road, and then from the hill a grand bird's-eye view of the city is brought under his or her observation. Cost by tram, 3d each way.

6. Galloway's Hill, 140 ft. (take East Brisbane tram from Queen street to the terminus, 3d.). Then a ten minutes' walk to the summit of the hill, from which a grand view is obtained. The return journey to the city can be made via the Brunswick street ferry from the Norman Park side (1d.), and then, after a short walk, take the New Farm tram (2d.) into Queen street. The

THE VALLEY, BRISBANE

"The House of the People"

total cost of this trip is 6d.; or by return East Brisbane tram, 3d each way.

7. Eildon Hill, 260 ft. (take Enoggera train to Wilston—3d. first class return—or take Kedron Park tram from corner of George and Adelaide streets, opposite Railway Offices) to Constitution road. Then a fifteen minutes' walk, and on reaching the crest of the hill the visitor gazes upon one of the finest panoramas imaginable. Cost by tram, 3d. each way.

8. Hamilton Hill, 200 ft. Take Ascot tram from Intelligence and Tourist Bureau corner to Toorak road, then walk for a short distance up this road to the highest point of the hill. From the four points of the compass a very charming view is unfolded. Cost by tram, 3d. each way.

9. Teneriffe, 140 ft. Take New Farm tram from Intelligence and Tourist Bureau corner to terminus. A few minutes' walk takes the sightseer to this elevated coign of vantage. Cost by tram, 2d. each way.

10. Albion Heights, 200 ft. Take Clayfield tram from Intelligence and Tourist Bureau corner to Whytecliffe street, Albion, and then a short walk to the highest point of New Sandgate road. The view obtained from here is remarkably picturesque. Cost by tram, 3d. each way.

11. Bartley's Hill, 260 ft. Take Clayfield tram from Intelligence and Tourist Bureau corner to Butler street, then five minutes' walk. The scenic picture depicted from the Reservoir Reserve is unrivalled. Cost by tram, 3d. each way.

12. Ipswich road, Annerley, 170 ft. Take Ipswich road tram from Intelligence and Tourist Bureau corner to terminus. From the high ground here a charming survey of the Main Range and the noble Brisbane River is presented to the onlooker. Cost by tram, 3d. each way.

13. From the towers of the Town Hall (South Brisbane), Parliament House (George street), Telegraph

Chambers (Queen street), and Executive Buildings (George street), splendid panoramic pictures can be obtained.

14. One Tree Hill (Mount Coot-tha), 746 ft., 4 miles by tram, motor-car or taxi-cab. Take the Toowong car from corner of George and Adelaide streets, opposite Railway Offices, to the corner of Wool and Dean streets, then about half an hour's easy walk to the top of the hill. This is the best observation spot in the metropolitan area. By means of a well-made road, tourists are enabled to ascend Constitution Hill (844 ft.) with ease. From Mirror Point a charming view of the Enoggera Reservoir and the hills surrounding Brookfield and Moggill is obtained. At this elevation there is a second shelter-shed. On the western horizon the rugged beauty of the stretch of mountain scenery, from Tambourine Mountain to Mount Mitchell and Cunningham's Gap, can be seen without the aid of glasses. Light refreshments of all kinds can be obtained at the kiosk at all hours of the day. Cost by tram, 3d each way. (See also special folder on "Mount Coot-tha" issued by this Bureau.)

15. White's Hill (369 ft.) is about 6 miles from Brisbane, and the quickest means of reaching it is by taxi-cab or motor-car. Tourists can also get a tram-car at the Intelligence and Tourist Bureau corner as far as Greenslopes, and then there is about three-quarters of an hour's walk to this favourite observation spot. Cost by tram, 3d. each way. Special arrangements can be made with the proprietors of the cabs or cars for the conveyance of parties to this popular lookout place. Many attractions are provided for visitors. Refreshments are obtainable at all hours.

Round Trips by Tram—Half Day

1. Take Greenslopes tram from the Intelligence and Tourist Bureau to terminus (3d.); return by same tram to the Fiveways, Woolloongabba (2d.); take the East

THERE IS PLEASURE IN SELLING GOOD SEED

Hubbard is credited with having said, "Blessed is the man who finds joy in his daily job." We sell dependable seed day in day out. It is a pleasurable job to us because we know that buyers are getting good results for their money. Proof of this we find in the fact that the same people come to us season after season for their seed requirements.

We want the pleasure of supplying YOU with seed. Our stocks are always fresh and prices are the lowest quotations available anywhere

George Street and 244 Queen Street

BRISBANE

Brisbane tram to that terminus (1d.); walk about fifty yards further on to ferry, which will take you to the opposite bank of the river (1d.); from here a walk of about five minutes straight up the road will bring you to the New Farm tram, by which return to City (2d.). Total cost of trip, 9d. Time occupied on trip about 1½ hours.

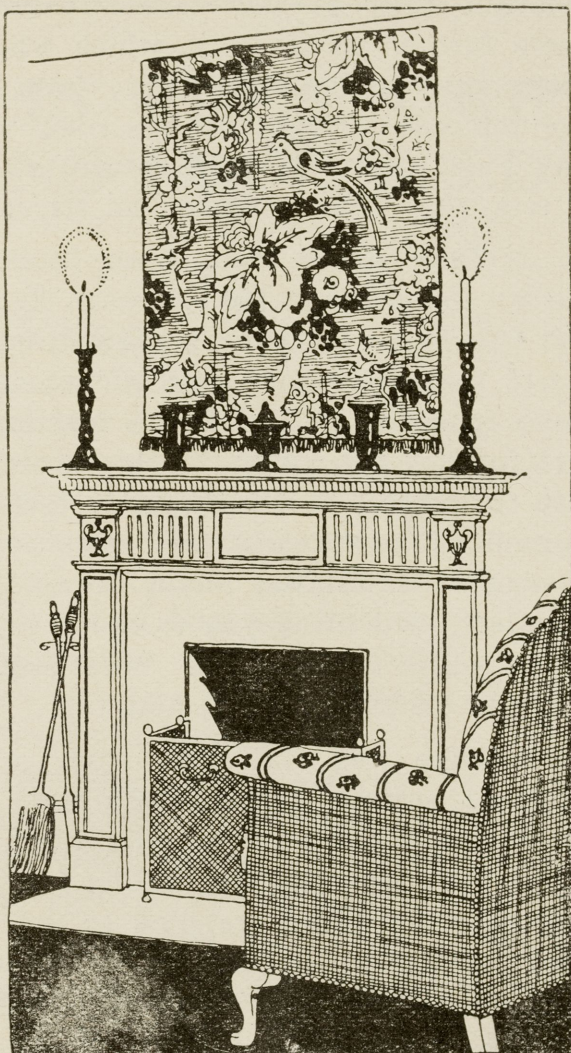

2. Take Ascot tram from Intelligence and Tourist Bureau to terminus (3d.); return by same tram to Breakfast Creek (2d.); take Clayfield tram on to that terminus (2d.); from here take your ticket right through to Gladstone road (or Dutton Park) terminus (6d.). On the return journey get out at the Reservoir, Highgate Hill (1d.); turn to the left to the Highgate Hill Park (from which a magnificent panoramic view is obtainable), thence a walk of about ten minutes along Dornoch terrace (bearing to your left) will bring you to the West End terminus, from which return to city (2d.). Total cost of trip, 1s 4d. Time occupied on trip about 2½ hours.

3. Take Red Hill tram from corner of George and Adelaide streets, opposite Railway Offices, to terminus (3d.); follow the tramline on till you come to its junction with the Paddington line (only a few minutes' walk); from here take the latter tram on to the Paddington terminus (1d.); return to the city by the same tram (3d.). Total cost of trip, 7d. Time occupied on trip, about 1¼ hours.

4. Take Kedron Park tram from corner of George and Adelaide streets, opposite Railway Offices, to terminus (3d.); on the return journey get out at O'Connell terrace (3d.) and inspect Bowen Park (formerly Acclimatisation Society's Gardens), after which a walk of five minutes (towards the city) will bring you to the Queensland Museum (well worthy of a visit); from here take Red Hill tram to the city (3d.). Total cost of trip, 9d. Time occupied, about 2¼ hours.

5. Take Gregory terrace tram from the corner of Edward street (near Courier Building) to the terminus;

Young
Folk
Going
to
House-
keeping

Few, indeed, are the young folk going to house-keeping who can afford to furnish a home complete. Rather do a majority buy at the commencement just those things that are necessary, and add to their possessions as time goes on and circumstances afford. Pictured here are some items of Bedroom Furniture that have the recommendation of quality and value.

WHINCUP and COY.

The Valley Furnishers, THE VALLEY BRISBANE

walk through Albert Park towards city; upon leaving this Park keep on to the upper side of the Wickham Park opposite, and two minutes' walk along Wickham terrace will bring you to the Observatory (from the top of which, upon application, excepting on Sundays and holidays), a lovely panorama of the city and suburbs may be viewed. Upon leaving here, turn to the right, and five minutes' walk through the small reserve adjoining and down Edward street will bring you to the corner of Queen street. Cost of trip, 1d. Time occupied, about 1 hour.

6. Take the Toowong tram from the corner of George and Adelaide streets, opposite Railway Offices, to terminus; ascend the steps on the right-hand side of Woodstock road, and from the hill a grand bird's-eye view of city is obtained; return to city again from the terminus. Cost of trip, 6d. Time occupied, about $1\frac{1}{4}$ hours.

7. Take Ipswich road tram from Intelligence and Tourist Bureau to terminus (3d.); return by same tram to Cornwall street (2d.); turn up the latter street to your left and walk past the Blind, Deaf, and Dumb Institute (which is open for inspection on Tuesdays and Fridays from 2 to 4 p.m.), to the Gladstone road terminus, and return to the city (3d.). Cost of trip, 8d. Time occupied, $1\frac{1}{2}$ hours.

8. Take the Kelvin Grove tram from the corner of George and Adelaide streets, opposite Railway Offices, to terminus and back. Cost of trip, 6d. Time occupied about $1\frac{1}{4}$ hours.

Wynnum, Wynnum South and Manly

Southward of the mouth of the Brisbane River, on the shores of Waterloo Bay, are located the marine residential suburbs of Wynnum, Wynnum South, and Manly, which are conveniently reached by a well-appointed train service from the South Brisbane railway station. Being so handy to the city (from 11 to 13 miles), residents, permanent and temporary, are enabled to follow their daily vocations in Brisbane, returning in the evenings and week-ends to spend their leisure at the seaside.

Some excellent views are obtained from the higher ground, or even from the several jetties. Looking across the great expanse of Bay waters, more conspicuous among the islands may be mentioned Fisherman, St. Helena (Penal Establishment), Green, King—the latter connected at low tide with the mainland at Wellington Point—Moreton, Stradbroke, and Peel.

Green Island opposite bids fair to become the most

North Quay, BRISBANE
AND AT TOWNSVILLE

favoured sailing and motor boat rendezvous and island resort of Moreton Bay. Posterity owes a debt of gratitude to those yachtsmen, local residents, and others who have given their services gratuitously and ungrudgingly to transform this once uninviting island into a popular resort. By their efforts the mangrove foreshores on the western side of the island have been cleared, shade trees planted, shelter sheds and tanks erected, and a substantial jetty built.

At Wynnum there is a commodious hotel quite handy to the jetty, bathing-places, and Government Fish Depot. Wynnum South is also well catered for in this respect, while at both places and Manly excellent boarding-house accommodation is provided. Furnished houses are available at reasonable rents, and local storekeepers can supply all necessary requirements.

Excellent educational facilities are provided by the State schools, State High School, and the Moreton Bay High School for Girls.

“AUSTRALIAN” Powder Dip

For Ticks, Lice and Mange
on Cattle, Horses, or Sheep

A Non-Scalding, Soapy, Sweet, Safe Dip
Approved by Government Stock Department

“Australian” Powder Dip dissolves promptly in cold water and possesses a higher wetting power than any dip on the market. It is guaranteed absolutely safe and efficient, whilst the powder form eliminates all bother in mixing. The dilution is 1 (one) part to 250 parts water. One case of 80lbs. therefore gives 2,000 gallons of dipping fluid, and thus saves 50 per cent. of transport charges. One case costs £5 12s 6d. Sole Agents—

Cleveland and Redland Bay

Passing on from Wynnum and Manly, the Cleveland Railway traverses areas devoted to fruitgrowing and other forms of cultivation. Visitors who are unfamiliar with banana, pineapple, papaw, and mango culture, find it very interesting to see these fruits here at close quarters. The route, too, increases in picturesqueness in such association.

The motor trip by road from Brisbane to these districts is most pleasant and delightful, for nowhere in the Commonwealth can more superb glimpses of peaceful bay and island scenery be obtained or better cared for fruit farms be viewed, the whole forming a combination not easily effaced from the memory of the tourist.

Wellington Point is practically an orchard village with a bay outlook.

Birkdale and Ormiston, like Wellington Point, produce luscious fruits, and are famous for the size and quality of their strawberry crops. At Birkdale the Railway Employees' Patriotic Farm has been established and planned out as a fruit and poultry farm wholly for the benefit of returned railway soldiers who are unable further to take up railway work. The way lies by rich orchards and pretty homesteads, and occasionally glimpses of the waters of the Bay are obtained. Bananas, pineapples, papaws, citrus fruits, mangoes, passion fruit, and the less familiar custard-apples lend variety to the aspect of the orchards. En route the car passes Victoria Point, a secluded spot, with a bathing beach and picnicking grounds.

Woody Point and Its Restful Beaches

This marine resort is situated on the southern extremity of the hammer-head shaped peninsula of Humpybong, and commands the best panoramic view of Moreton Bay and islands. A daily motor ferry service to Sandgate—(see advertisement **Humpybong Steamship Company**, page 54)—affords direct and rapid communication with Brisbane. By this means townspeople who take their families for an extended holiday to Woody Point can themselves reach the city in time for business in the morning, returning again in the evening, the time occupied in travelling being about an hour and a-half each way. On four days of the week this place may be reached by taking the steamer from the city to Redcliffe, thence motor-ing across by a good road, a distance of 3 miles.

Woody Point is an ideal place to spend a quiet holiday, and to the invalid and holiday-maker it offers all that is essential to gaining health and renewed vigour. On the high esplanade of the Point itself, cool and refreshing breezes render the summer season delightful, while the shady beaches below afford restful and sheltered spots for taking one's ease.

Scott's Beach, Woody Point, affords first-class bathing. Being clean, sandy, and safe, it is much frequented by visitors. Good beaches also extend in a westerly direction to Clontarf and Hay's Inlet. A shelter shed, swings, bathing-houses and other conveniences have been erected by the Shire Council, while the large trees along the fore-shores provide ample shade for picnickers.

Woody Point is looked upon as a good fishing ground, and receives a fair amount of attention from city anglers, some of whom have at times had great success with their rods on the jetty. From off the reefs excellent catches are also made of schnapper, squire, sweetlip, rock cod, and bream; whilst the shore fishing provides hauls of whiting, mullet, garfish, flathead, yellow tail, and sole. Sand crabs are also very plentiful, and hundreds of these crustaceans are taken in nets from off the jetty.

27 Bowen Street, Brisbane

Redcliffe

The journey to Redcliffe from Customs House Wharf on Tuesdays, Thursdays, Saturdays, and Sundays, per T.S.S. Koopa, occupies two hours, and enables her passengers to enjoy a delightful and interesting trip on the beautiful Brisbane River.

Sutton Beach, Redcliffe, has gained the reputation of being one of the finest bathing resorts near Brisbane. It is uniformly firm, with a clear, even, sandy bottom, and bathing can be indulged in at all times. There is no undertow, and absolute immunity from the dreaded shark. There is a reef opposite, running parallel to the foreshores, past which sharks will not venture. The sun rising over Moreton Island is a magnificent sight for those who revel in the joys of an early morning dip. The roads and bush tracks are in excellent condition, and a motor run from Brisbane is most exhilarating. The track is as follows:—Through Kedron, Bald Hills, South Pine, North Pine, and Woody Point.

Time Table:—The T.S.S. Koopa leaves Custom House Wharf: Sundays, 9.30 a.m.; Tuesday, 9.30 a.m.; Thursdays, 9.30 a.m.; Saturdays, 2 p.m. Fares: 3/6 Return; Children, Half Price

Scarborough

N.E. Two and a Half Miles from Redcliffe

Interesting facts: Ideal situation, placid bay waters, good fishing, ideal and historical drives to the aboriginal boree grounds, where the blackman's Masonic ceremonies were performed. Attempts were made in the early forties by Dr. Hobbs, a pioneer colonist, to establish the Dugong oil industry, silk culture, sugar growing, and coal mining. An excellent view of Captain Cook's Glass House Mountains can be obtained from Scarborough.

Splendid accommodation is afforded at the Bay View Hotel, with its ideal location and extensive grounds.

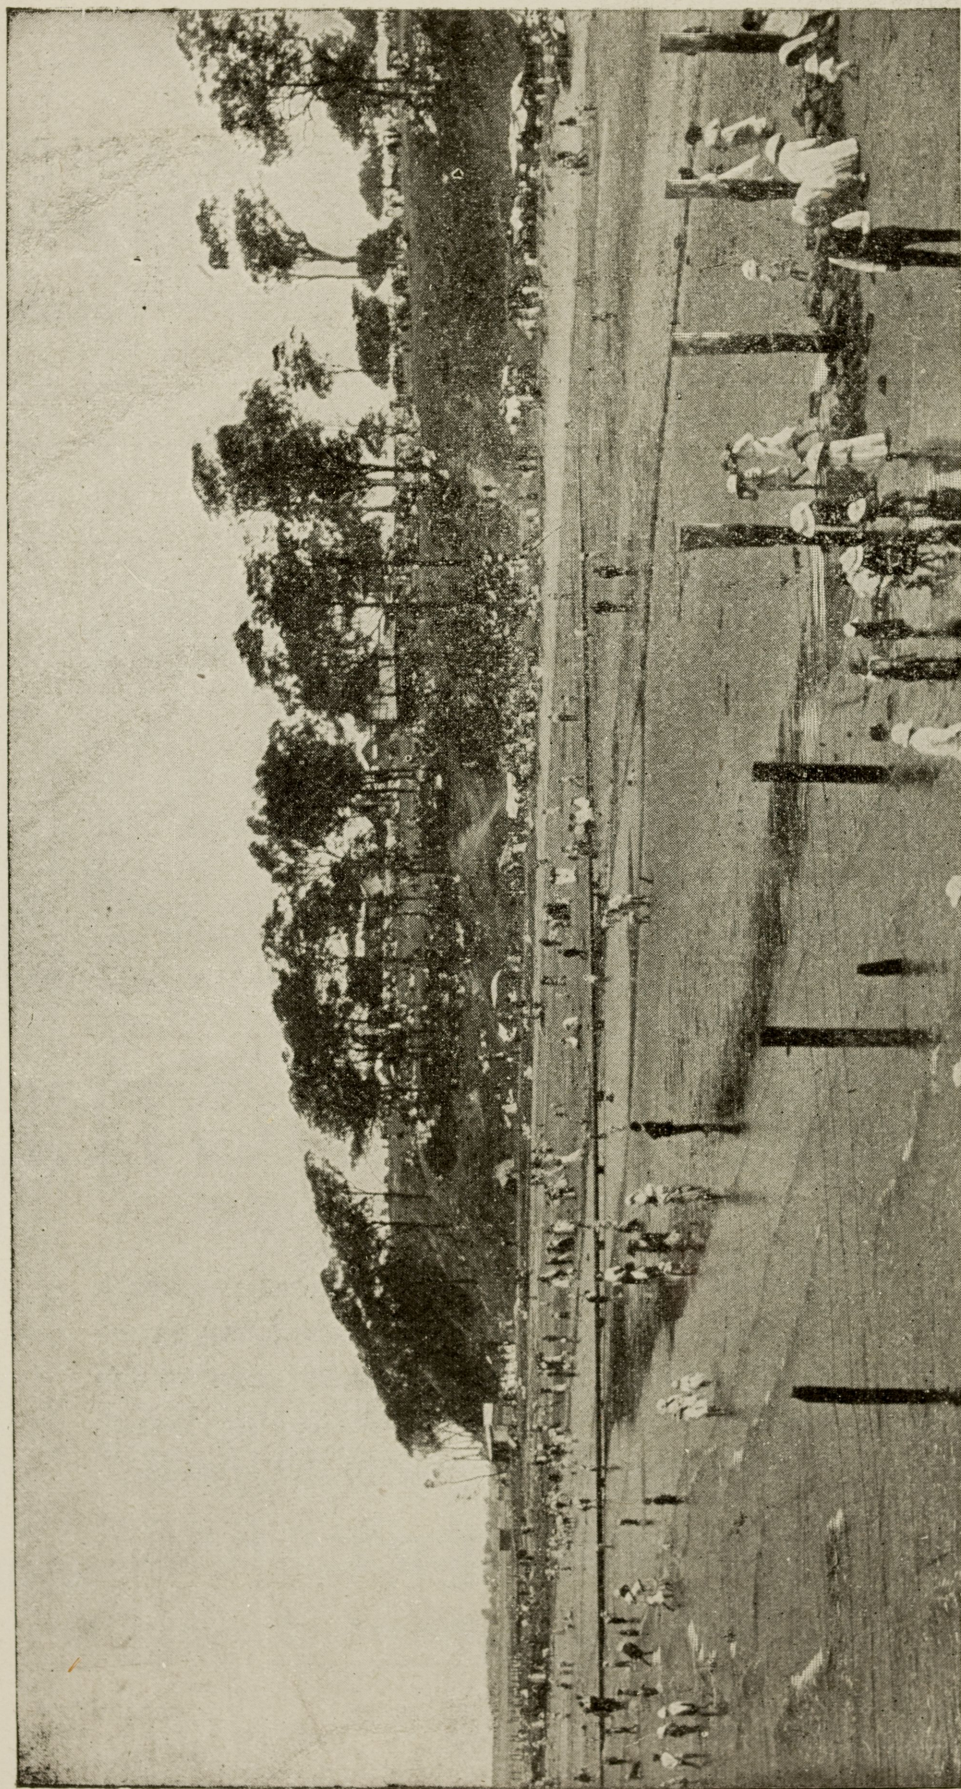

HUPMOBILE ANNOUNCEMENT

We are pleased to announce that we have been re-appointed the Sole Queensland Agents for the Hupmobile Cars

The 1920 Model is now in
Our Showroom

Every new Hupmobile placed in an owner's hands makes a new Hupmobile friend. Hupmobile owners everywhere are Hupmobile enthusiasts. This means something to a careful buyer. We predict for the present Hupmobile a popularity even greater than that accorded to all previous Hupmobiles

SANDGATE, BRISBANE

This Hotel has one of the finest positions of any Hotel at the seaside, and has every convenience, both to the beach and to the trains. One minute's walk to the beach and two minutes walk to the station

FRED. HERBERT, Proprietor

Sandgate

The Brighton of Queensland

Being the nearest convenient resort north of the mouth of the Brisbane River, Sandgate has grown greatly in public favour, not only with the city folk, but also with residents of many of the country districts surrounding Brisbane. It is pleasantly situated along the shores of Bramble Bay, and being only 13 miles from the city is reached by an excellent train service from the Roma-street and Central Railway Stations, Brisbane.

After passing the pretty residential suburbs of Albion, Woolloowin, Eagle Junction, and Nundah, the station of Nudgee (8 miles) is reached. Within easy walking or driving distance, past pineapple and other fruit farms, is Nudgee Beach, a favourite camping resort, extending for some miles between Cribb Island and the mouth of Cabbage-tree Creek.

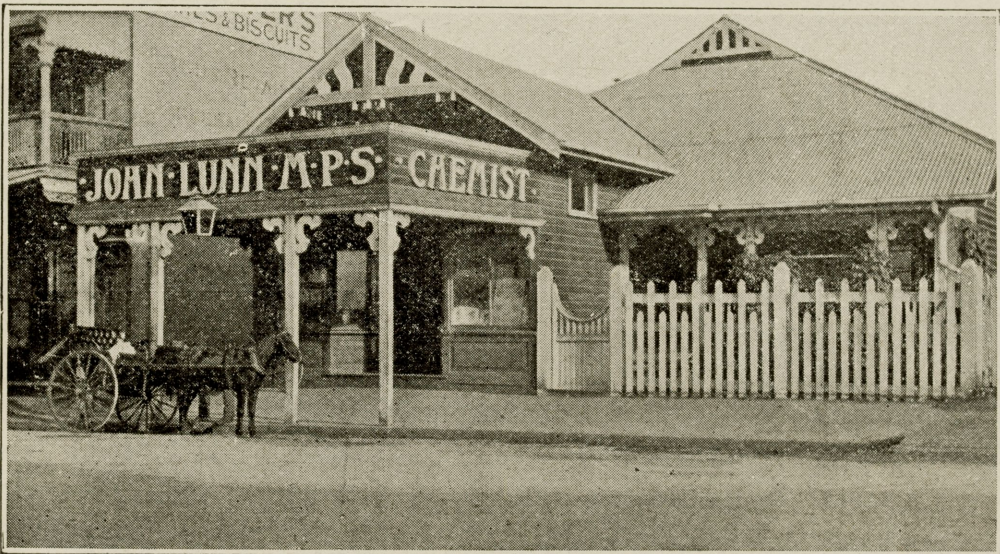

Serpentine Creek separates Nudgee Beach from Cribb Island, which is also reached from Nudgee Station or by road direct from Brisbane, a distance of 10 miles. It is much in favour as a resort for campers and has a fine sandy beach. Serpentine Creek affords good fishing. There is a kiosk, at which meals and light refreshments are obtainable. A motor-car plies between Nudgee Railway Station and Cribb Island on Saturdays, Sundays, and holidays.

Sandgate properly might be divided into two sections, the Upper Esplanade and the Lower Esplanade. The former extends from the mouth of Cabbage-tree Creek in a northerly direction for about a mile, and includes Shorncliffe and Moora Park. The Lower Esplanade, including Flinders Parade and Brighton, is more conveniently reached by leaving the train at Sandgate Central Station. This portion of the town has a nice, even water front, the beach along which extends some miles to the northward.

Sandgate was proclaimed a municipality in 1830, and has an imposing town hall and many fine private residences. The population is about 3500, which is augmented by thousands more during the season.

Sandgate possesses a very fine pier, to which are attached separate bathing enclosures for ladies and gentlemen. Bathing houses and other conveniences are provided along the water front for the use of visitors.

Excellent accommodation at reasonable rates is provided by well-kept hotels (see advertisement page 84) and boarding establishments (see advertisement page 80). City men, while attending to business in town, can thus spend the evenings and week-ends with their families in the enjoyment and healthfulness of the seaside. Furnished cottages can be rented for short or lengthy periods, arrangements for which may be made with any of the local agents.

Fishing from the pier and in Cabbage-tree Creek at times is good, but the best fishing is obtained by hiring a boat and locating the whiting grounds, where excellent seasonal catches of this particular variety can be secured.

A well-arranged motor ferry service plies between the pier-head and Woody Point (Humpybong), particulars of the time table and fares of which will be found on page 54. At holiday times it is found necessary to put on a second boat, the "Beryl," with the "Olivine" to cope with the traffic between the two resorts.

Bribie Island

The Rising Resort

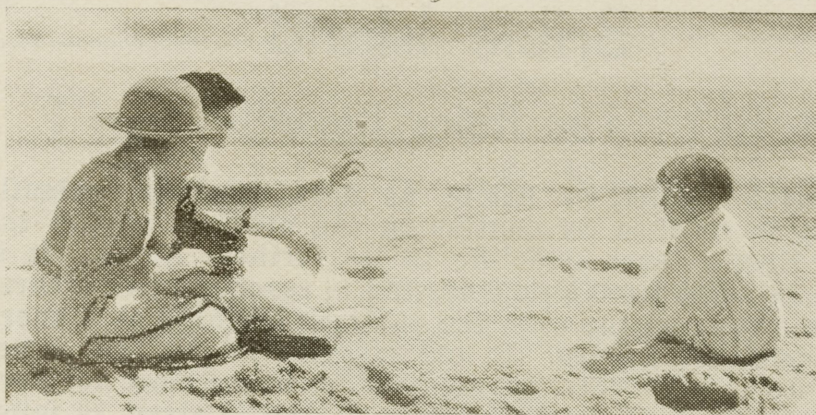

Bribie Island, or Bribie, as it is more conveniently called, is reached by continuing the steamer trip in the s.s. "Koopa" past Redcliffe to its furthest limits. It is some 38 miles from Brisbane, and is reached after a three hours' run from the city, the steamer berthing at a short, well-constructed jetty. It and Moreton Island, which lies opposite at a considerable distance, form the most northern outposts of Moreton Bay. Bribie Island is about 20 miles long, from 2 to 3 miles broad, and is well timbered. In the very early days of white settlement its native population comprised one of the most warlike, powerful, and revengeful of the tribes.

The landing place is at Bongaree, on the calm inner beach of the island. The Brisbane Tug and Steamship Company have formed a road of about 3 miles to the main ocean beach, where surf bathing can be enjoyed. Later on it is intended to construct a tramway thereto. The company always have the interests of campers at heart, and, in order that a supply of fresh water should be available for their use, six tanks, with a capacity of 5000 gallons, have been erected on the jetty, connecting with a 2-inch main to the shore. There is also a spear-head pumping plant which affords a good supply of water. Swings for the children have been put up and a running track laid down.

Near the jetty there is a commodious refreshment-room, where fish and oyster dinners are obtainable, and also stores at which campers can purchase requisites. A large pavilion, bathing sheds, and other conveniences for the use of visitors have been erected. Accommodation is provided for by a number of boarding-houses.

For the excellence of its fish and oysters, Bribie is known far and wide, and during the summer months the company run their steamer to Bribie every alternate Saturday to afford city folk and anglers an opportunity of a week-end at this resort.

Time Table:—Bribie: Thursdays, 9.30 a.m.; Sundays, 9.30 a.m.; Alternate Saturdays, 2 p.m. Fares: 3/6 Return; Children, Half-Price.

KEEP YOUR HOLIDAY IN KODAK PICTURES

You'll enjoy your holiday over and over again if you permanently record it's happy events, pleasant places and interesting or historic buildings, etc., in Kodak pictures

Kodaks are simple, compact, handy—you can learn to use one in half an hour.

The Autographic Vest Pocket Kodak is a great favorite because it slips into a man's pocket or a lady's hand-bag. It takes clear pictures $2\frac{1}{2} \times 1\frac{3}{8}$ inches that can readily be enlarged. Price, 54s. 6d.

The 31 Autographic Kodak Junior is also an excellent instrument for post-card pictures $5\frac{1}{2} \times 3\frac{1}{2}$ inches. Price £6

Other Kodaks up to £20 15s

Toowoomba

“ Out where the trees on the plains shim—shimmer
Out where the wattle-blossoms glow and glimmer,
That's where the Downs begin.”

The eastern boundary of the Darling Downs is marked by its fairest daughter—Toowoomba. Generous Mother Nature has bestowed upon her that personality which is an absolute essential for the real interpretation of her bounteousness. Situated nearly 2000 ft. above sea-level, bracing and salubrious climate, modern hotels, wide avenue-fringed streets, pretty parks displaying a wonderful luxuriance of floral growth, magnificent mountains and range vistas, picturesque homesteads nestling in the nooks and spurs of the hills, multiplicity of color and design of mountain, spur, dale, scrub, and plain, all combine in forming a scene of splendour and gaudy magnificence.

The city of Toowoomba is full of permanent attraction. Nature provided uniqueness of site, and man has made of civic perspective a fitting addition to the surrounding scene. The trees which line most of the streets are noble in size and varied in kinds. Oak, beech, elm, ash, poplar, camphor laurel, weeping fig, and other varieties illustrate beauty and provide shade.

The aldermen of Toowoomba have shown much wisdom and forethought in the matter of reserving as park spaces sites which overlook the vast broad sweep of ranges. Perhaps the best view of the kind is that obtainable from Picnic Point. Every gully in Toowoomba has its fringe of willows. Every open park space has its cricket pitch, football field, and tennis court.

The Quality of Our Baking Products

is such that you need not bake at home. We use the best flour, butter, eggs, and milk, and we use them liberally. Take for instance

LAMB'S SULTANA CAKE

made by our expert staff of bakers. It is rich, tasteful and appetising. Always keep a block in the house—for lunches, afternoon teas, suppers, etc. We specialise in Country Orders. Write us for price list and quotations

T. K. Lamb & Co. Ltd.

Caterers and Confectioners, Manufacturers of High-class Cakes and Pastry
Toowoomba

There are numerous good hotels and well kept boarding-houses, and the visitor is assured of first-class accommodation.

Visitors who come to Brisbane by rail from the South catch a fleeting glimpse of some of the beauties which lie round about Toowoomba, and not infrequently they decide to come again and acquire closer acquaintance with them. Visitors who arrive by the sea route find that, by the inclusion of Toowoomba in their programme of tours, they add much to their knowledge of the State's natural beauty and fertility.

In the private and public gardens flowers seem to express even more than their usual beauty. Toowoomba violets are famous all over Australia.

Round about are many orange orchards, glossily green and vividly gold.

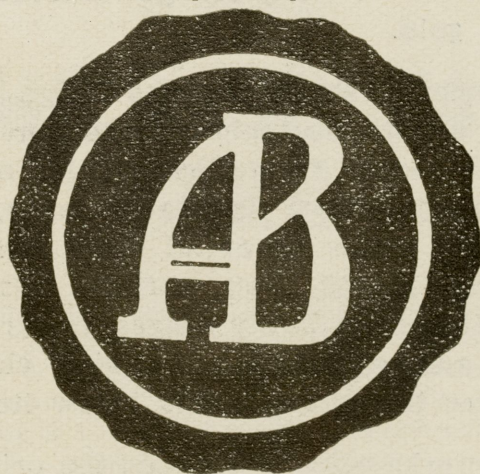

As science advances old knowledge becomes ignorance. The artist, the incipient poet, or the simple Nature-lover who looks from Picnic Point on the enchanting scene to-day, knows that earthquakes, volcanic eruptions, and the fierce torrential rush of diverted inland seas have all played their part in forming the landscape, in building the lordly ranges, in carving the course of streams and waterfalls, in giving character to the soil and those things above and below its surface.

A waterworks scheme supplies the original compound fluid in perfection of purity, and there are municipal swimming baths.

As the central depot of a number of branch railways to towns in agricultural and pastoral districts, Toowoomba offers to the inquiring and active visitor a series of excursions by rail. Several garages have motor cars and drivers available for hire, and the books of such businesses rarely record a dull day.

Interesting Facts: Toowoomba became a city in 1904. Population, 30,000. Mean maximum temperature, 83.8; mean minimum temperature, 40.0. Rainfall, 30 inches. Area of Darling Downs, 25,000 square miles. Downs first settled by Patrick Leslie—a squatter—in 1840. Largest stock selling centre in the State. When the Scottish Commission visited the Darling Downs in 1910 the commission said they were as beautiful as could be seen anywhere in the world.

The train service from Brisbane offers choice of daylight travelling, and the 8.5 a.m. from Central Station is specially recommended. In the four hours' run of 101 miles the traveller passes through Ipswich (24 miles from Brisbane), the rich lands of Rosewood (35 miles), the ascent of the Little Liverpool Range, through Laidley and Gatton (61 miles), and Helidon (72 miles), amid a landscape combination which cannot fail to afford pleasure and instruction. The Main Range is reached, and as one writer put it as seen from the train: "At one time the outlook is charming, at another it is more—it is magnificent."

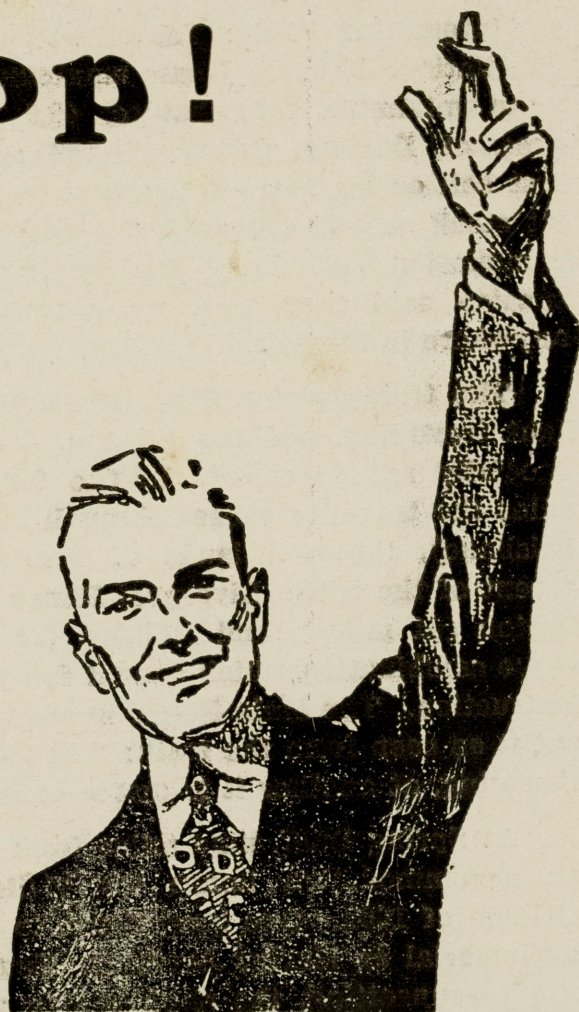

At Spring Bluff, nine miles from Toowoomba, there is an accommodation house for visitors, situated at an altitude of 1600. One hour there, in solitude, you become as imperial as Marius Aurelius. You behold from sunrise to sunsetting, the shifting day with all its gold and shallow. The train speeds on to Harlaxton, 2003 ft. above sea-level, and then the ranges seem to recede as though their work of revelation had finished.
